

**NAIROBI CITY  
COUNTY**

# INVITATION

## **EXPRESSION OF INTEREST (EOI) FOR NAIROBI RIVER REGENERATION**

### **Statement of Purpose**

To enable the Nairobi City County Government perform its mandate of ensuring clean waterways as well as conserving the riparian environment, it is necessary to outsource the Nairobi River Regeneration Program services.

### **Background**

Nairobi River and its tributaries Mathare and Ngong rivers traverses through the Kenyan capital City Nairobi as it heads eastwards to Machakos County. There has been an increase in water pollution due to increased discharge of commercial and domestic effluents, which has tremendously affected the water characteristics. This has adversely affected the water eco-system and reduced the usefulness of the waters within the County and downstream, a situation that calls for urgent intervention.

In pursuant of the above and promoting clean, sustainable and orderly use of the waterways, Nairobi City County through the Inter-Governmental Committee on Nairobi Regeneration, invites companies to express their interest in providing Nairobi River Regeneration Program services. The financing model include but not limited to the following, Public Private Partnership (PPP), Joint Venture (JV), Direct grant (DG) and Inter-Governmental Funds Transfer (IGFT) and supervised by Nairobi City County.

### **Scope of service/works**

The selected service provider will:-

1. Removal and transport Solid waste from the river to designated disposal points
2. Collaborate with NCW&SC and Athi Water Service Board in Stoppage of discharge and water pollution into the river
3. Collect Litter and clear unwanted /overgrown vegetation on riparian area
4. Design and undertake Land-scaping works along the riparian
5. Plant trees and increase vegetation cover to improve the natural beauty of the river basin (aesthetic value)
6. Install litter bins and required furniture
7. Provide public sanitation facilities along the riparian
8. Provide surveillance and inspections along the river in collaboration with relevant authorities for enforcement of water quality regulations
9. Promote sustainable River Front Development
10. Any other related works as shall be directed from time to time

### **Improvement of Terms of reference**

Interested Companies may offer suggestions on improvement of the terms of reference that they may feel would result in better implementation of the Nairobi River Regeneration and Rehabilitation program.

Interested Companies may obtain further information from the "Head of Supply Chain 1<sup>st</sup> Floor City Hall annex, Door number 105 between 8.00 am to 17.00 pm hours, through written communication not later than seven days before the deadline for submission of expression of interest.
