19.3 NCC will prepare minutes of the tender opening.

20. Clarification of Tenders

20.1 To assist in the examination, evaluation and comparison of tenders NCC may, at its discretion, ask the tenderer for a clarification of its tender. The request for clarification and the response shall be in writing and no change in the prices or substance of the tender shall be sought, offered, or permitted.

20.2 Any effort by the tenderer to influence NCC in its tender evaluation, tender comparison or contract award decisions will result in the rejection of the tenderers' tender.

21. Preliminary Examination

21.1 NCC will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the tenders are generally in order.

21.2 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected. If the candidate does not accept the correction of the errors, its tender will be rejected, and its tender security may be forfeited. If there is a discrepancy between words and figures, the amount in words will prevail.

21.3 NCC may waive any minor informality or non-conformity or irregularity in a tender which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any tenderer.

21.4 Prior to the detailed evaluation, pursuant to paragraph 22, NCC will determine the substantial responsiveness of each tender to the tender documents. For purposes of these paragraphs, a substantially responsive tender is one, which conforms to all the terms and conditions of the tender documents without material deviations. NCC's determination of a tender's responsiveness is to be based on the contents of the tender itself without recourse to extrinsic evidence.

21.5 If a tender is not substantially responsive, it will be rejected by NCC and may not subsequently be made responsive by the tenderer by correction of the nonconformity.

22. Expansion and Comparison of Tenders

22.1 Technical evaluation of tenders

22.1.1 NCC will evaluate and compare the Tenders that have been determined to be substantially responsive in compliance to the Technical requirements set out in the Tender Document.

22.2.2 Where other currencies are used, NCC will convert those currencies to the same currency using the selling exchange rate ruling on the date of tender closing provided by the Central Bank of Kenya.

22.2.3 Arithmetical errors will be rectified on the following basis - if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected. If there is a discrepancy between words and figures, the amount in words will prevail.

22.2.4 The Tenderer will be promptly notified of the correction of the arithmetical error(s). If the Tenderer does not accept the correction of the error(s), its Tender will stand rejected, and its Tender Security automatically forfeited.

23.1 Subject to paragraph 20, no tenderer shall contact NCC (employees or board members) on any matter relating to its tender, from the time of the tender opening to the time the contract is awarded.

Award of Contract

24. Post-qualification

24.1 In the absence of pre-qualification, NCC will determine to its satisfaction whether the tenderer that is selected as having submitted the lowest evaluated responsive tender is qualified to perform the contract satisfactorily.

24.2 The determination will take into account the Tenderer's financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the tenderer, pursuant to paragraph 12.3, as well as such other information as NCC deems necessary and appropriate.

24.3 An affirmative determination will be a prerequisite for award of the contract to the tenderer. A negative determination will result in rejection of the Tenderer's tender, in which event NCC will proceed to the next lowest evaluated tender to make a similar determination of that Tenderer's capabilities to perform satisfactorily.

25. Award Criteria

25.1 Subject to paragraph 10,24 and 28 NCC will award the contract to the successful tenderer(s) whose tender has been determined to be substantially responsive and has been determined to be the lowest evaluated tender, provided further that the tenderer is determined to be qualified to perform the contract satisfactorily.

26.1 NCC reserves the right at the time of contract award to increase or decrease the quantity of goods originally specified in the Schedule of requirements without any change in unit price or other terms and conditions.

27. NCC Reserves Right to Accept or Reject Any or All Tenders

27.1 NCC reserves the right to accept or reject any tender, and to annul the tendering process and reject all tenders at any time prior to contract award, without thereby incurring any liability to the affected tenderer or tenderers or any obligation to inform the affected tenderer or tenderers of the grounds for NCC's action.

28. Notification of Award

28.1 Prior to the expiration of the period of tender validity, NCC will notify the successful tenderer in writing that its tender has been accepted.

28.2 The notification of award will constitute the formation of the Contract.

28.3 Upon the successful Tenderer's furnishing of the performance security pursuant to paragraph 29, NCC will promptly notify each unsuccessful Tenderer and will discharge its tender security, pursuant to paragraph 13.

29. Performance Security

29.1 Within twenty one (21) days of the receipt of notification of award from NCC, the successful tenderer shall furnish the performance security in accordance with the Conditions of Contract, in the Performance Security Form provided in the tender documents, or in another form acceptable to it (NCC).

29.2 Failure of the successful tenderer to comply with the requirement of paragraph 29 or paragraph 30 shall constitute sufficient grounds for the annulment of the award and forfeiture of the tender security, in which event NCC may make the award to the next lowest evaluated Candidate or call for new tenders.

30. Signing of Contract

30.1 At the same time as NCC notifies the successful tenderer that its tender has been accepted, it will send the tenderer the Contract Form provided in the tender documents, incorporating all agreements between the parties.

30.2 Within twenty one (21) days of receipt of the Contract Form, the successful tenderer shall sign and date the contract and return it to NCC.
