

2nd NAIROBI HEALTH SCIENTIFIC CONFERENCE

THEME

"Advancing Universal Health Coverage (UHC) Towards Attainment of Sustainable Development Goals 2030 for Nairobi."

SUBTHEMES

Sub theme 1: Innovation and Technology in Healthcare

This sub theme focuses on innovative digital health solutions currently being utilized to address gaps and to deliver affordable, cutting-edge healthcare solutions in advancing Universal Healthcare Coverage alongside strengthening of existing Health Information Systems to facilitate procurement of health products and related modern technologies and timely distribution to health facilities

Track 1.1. AI and Digital transformation

Track 1.2. Data Security

Track 1.3. Digital Governance

Track 1.4. Innovation

Track 1.5. Health Products and Technology

Sub theme 2: Sustainable Health Financing

This sub theme focuses on strategies towards improving the affordability, accessibility and quality of health care and systems through making them more resilient and equitable, while prioritizing investment in primary health care and strengthening financial protection. It also examines how the government can come up with innovative ways to increase the fiscal space within the National and County's health budget and diversifying funding sources to close existing financing gaps.

Track 2.1. Policy & Governance for Health Financing

Track 2.2. Health Financing models and innovations e.g. blended financing, performance-based financing, strategic purchasing, and public-private partnerships.

Track 2.3 Investing in Primary Healthcare & Financial Protection

Track 2.4 Expanding Fiscal Space for Health

Sub theme 3: Genomics, Innovation in Health and New science

This sub theme focuses on the use of innovative strategies and groundbreaking research to expand access to healthcare services.

Track 3.1. Clinical Research & Trials

Track 3.2. Best practice

Track 3.3. Ethics in Research

Track 3.4. Advanced diagnostics and precision medicine

Sub theme 4: Advancing SDG 3

This sub theme explores strategies to ensure healthy living and promoting wellbeing. It focuses on innovative approaches and interventions aimed at improving outcomes for individuals affected by infectious diseases, NCDs and mental health conditions.

Track 4.1. Maternal and Child Health

Track 4.2. Infectious Diseases

Track 4.3. NCDs

Track 4.4. Mental Health and wellness

Track 4.5. Emergency Preparedness

Track 4.6. Alcohol and Tobacco Control

Track 4.7. Human Resource for Health

Sub theme 5: Environmental and Climate change

This sub theme focuses on the impact of environmental and climate change on health and explores strategies for strengthening healthcare systems to enhance resilience.

Track 5.1. Strengthening climate resilient health systems

Track 5.2. Role of health sector in climate change mitigation and adaptation

Sub theme 6: Partnerships & Collaborations in Health

This sub theme explores the role of strategic partnerships and multi-sectoral collaborations in driving innovative solutions to improve health outcomes. It highlights the importance of leveraging the strengths of diverse actors—including government, private sector, development and implementing partners, civil society, academia, and communities—to achieve shared health goals, promote well-being, and build resilient, people-centered health systems.

Track 6.1. Public-Private Partnerships (PPPs)

Track 6.2 Role of Community and Grassroots Engagement

Track 6.3. Multisectoral and Cross-sectoral Collaborations

Track 6.4. Partner coordination and accountability

ABSTRACT SUBMISSION GUIDELINES

Abstracts shall be submitted in English as either Option 1 or 2 below with the subsequent structure Option 1: Scientific abstracts This category is for reporting scientific research and evaluations. Abstracts submitted under the first option should be organized as follows: Title of paper; name, institutional affiliation, phone number and email address of corresponding author; name of presenting author and co-authors.

Option 1: Scientific abstracts

- Title of paper; name, institutional affiliation, phone number and email address of corresponding author; name of presenting author and co-authors.

- **Background:** State the purpose and objective of the research/evaluation, the hypothesis that was tested or describe the problem being addressed by the research. Highlight the main objective of the study that was conducted. This should be aligned with the title and content to be presented.
- **Methods:** State the study design, setting, study population, data collection and analysis methods.
- **Results:** Present the key findings of the study.
- **Conclusions:** Describe the significance of your findings and further implications of the results.

Option 2: Public Health Practice/Best Practice abstracts

- **Title of paper;** name, institutional affiliation, phone number and email address of corresponding author; name of presenting author and co-authors.
- **Background:** Summarize the purpose, scope and objectives, of the programme, project or policy. Identify the specific challenges to programme/project/policy implementation.
- **Description:** Describe the programme, project or policy period, setting, target population (if applicable), activities and interventions undertaken in support of the programme, project or policy and methods, procedures and techniques used to collect and analyse data.
- **Results and lessons learnt:** Present the findings/outcomes of the programme, project or policy. Include an analysis or evaluation of lessons learned and best practices.
- **Conclusions/Next steps:** Describe the significance of your findings/outcomes and future implications of the results.

Word Limit

- The abstract text body is limited to 300 words. Titles are limited to 30 words only.
- Tables and graphs should not be part of the abstract.

KEY DATES

- Call for Abstracts open – 1st July 2025
- Conference Registration open- 20th July
- 1st Information webinar – 17th July 2025
- 2nd Information webinar – 31st July 2025
- Call for Abstracts Close – 31st July 2025
- Feedback to authors – 10th October 2025
