FAQs for the 2nd Nairobi Health Scientific Conference (2025)

Nairobi City County | 5th – 7th November 2025 | #NBOHSC2025 | Argyle Grand Hotel

1. What is the Nairobi Health Scientific Conference?

- The Nairobi Health Scientific Conference is Nairobi City County's **annual flagship** event aimed at fostering collaboration, research dissemination, innovation sharing, and evidence-based policy dialogue. It brings together **health professionals, policymakers, researchers, students, development partners, civil society, and the private sector** to advance **Universal Health Coverage (UHC)** and the **Sustainable Development Goals (SDGs)**.

2. When and where will the 2025 conference take place?

- The **2nd Nairobi Health Scientific Conference** will be held on **5th – 7th November 2025** at the **Argyle Grand Hotel, Mombasa Road, Nairobi**.

3. What is the theme for 2025?

- The 2025 theme is: **“Advancing Universal Health Coverage (UHC) Towards the Attainment of Sustainable Development Goals 2030 for Nairobi.**

4. What are the sub-themes and tracks?

- The conference will explore six core sub-themes, each with dedicated tracks:
 - 1. Innovation & Technology in Health** – AI, digital transformation, e-health, data governance, digital security.
 - 2. Sustainable Health Financing** – governance, financing models, investing in PHC, expanding fiscal space.
 - 3. Genomics & Emerging Science in Health** – clinical research, diagnostics, precision medicine, ethics.
 - 4. Population Health & Health Systems Strengthening** – RMNCAH, nutrition, mental health, disease control, supply chains, alcohol & tobacco control.
 - 5. Environmental Health & Climate Change** – climate-resilient systems, public health, environmental risks, community-led models.
 - 6. Partnerships & Collaborations in Health** – PPPs, grassroots engagement, multisectoral collaborations, donor alignment.

5. Who should attend the conference?

- The conference targets a broad and diverse audience, including:
 - 1. Healthcare professionals** (doctors, nurses, community health workers, allied staff)
 - 2. Researchers and academicians** (local and international)
 - 3. Students** (undergraduate & postgraduate in health-related fields)
 - 4. Policy makers** at county and national levels
 - 5. Civil society organizations & NGOs**
 - 6. Private sector actors** in health and technology
 - 7. Development partners & donor agencies**
 - 8. Innovators and solution providers**
