

SUB THEME 2: SUSTAINABLE HEALTH FINANCING

This sub theme focuses on strategies towards delivery of quality, safe and efficacious health outcomes through accessible, equitable and cost-effective channels. Further, it underscores prioritization of primary health and financial protection. Finally, there is emphasis on expanded fiscal space of health budgets at both levels of government.

Track 2.1. Policy & Governance for Health Financing

Track 2.2. Health Financing models and innovations e.g. blended financing, performance - based financing, strategic purchasing, and public-private partnerships.

Track 2.3 Investing in Primary Healthcare & Financial Protection

Track 2.4 Expanding Fiscal Space for Health
